## **Buchanan County Clerk**

### **School Records**

The following school records filed in the Buchanan County Clerk's office were reviewed and organized by Local Records Field Archivists for microfilming. Two permanent series: Teachers Term Reports and School Enumerations were identified and organized. Miscellaneous school records were also included in the project; including Record of Annexations, School Directories, Listing of County Superintendent of Schools and a Listing of Rural Schools.

### **Teacher's Term Reports**

#### **1909-1963**

**(Boxes 1-6)**

Teacher's term reports were organized in alphabetical order by school name, and reports filed chronologically within the file folders.

Due to these records including records of grades and attendance Teacher's Term Reports are closed to the public for 72 years. Subsequently, this series has been separated; records from 1909-1930 (boxes 1-3) that have met the 72-closure retention are open to the public and are organized together. Teacher's term reports from 1931-1963 (boxes 4-6) are closed to the public and are organized together.

### **School Enumerations**

#### **1930-1934**

**(Box 7)**

Enumeration records list the name of student, birth date, sex, age, parent/guardian and postal address. Thirty-nine file folders of enumerations have been organized alphabetically by school name.
